Vikram Solar starts 130 MW unit in Bhadla

Jaipur: Vikram Solar has commissioned a 130 MW (2x65 MW) solar PV power plant for NTPC in Bhadla near Jodhpur. The project has been developed under the state specific bundling scheme (for bundling with thermal power from NTPC Singrauli Thermal power station) with grid at Bhadla Solar Park Phase-II.

“Vikram Solar will further provide operations and maintenance service to the plant for a period of five years. With the commissioning, the company’s commissioned projects portfolio has risen to more than 275 MW,” said Gyanesh Chaudhary, MD & CEO, Vikram Solar Pvt. Ltd.

Each 65 MW plant will have a power generation capacity of 106.22 million units. TNN
